

XG30

Thoroughbred style

The new XG30 from Hyundai is an outstandingly appointed luxury saloon that rewards its discerning driver and passengers with a distinguished and graceful opulence, plus performance as powerful as befits its aristocratic appearance.

Rigorously engineered to satisfy the exacting demands of a true driving enthusiast, the XG30 is also eminently functional, equipped not just for the ultimate in convenience, but also supreme comfort and safety.

This is every inch Hyundai's flagship, the epitome of automotive excellence, yet at the same time, it delivers value as breathtaking as its thoroughbred good looks.

Finely crafted and richly endowed with features as numerous and sophisticated as vehicles costing literally tens of thousands of pounds more, the new XG30 has astounded the motoring press. Indeed, Auto Express was moved to comment, "the brochure for this Hyundai will have to be bigger than a telephone directory just to fit the specification list". Just one example of that supreme specification is the Sony audio unit, uniquely developed for the XG30, which even allows you to record from radio or CD to mini-disc.

Within the next few pages, you will discover the foundation of Auto Express' endorsement and learn the extent of the XG30's promise.

Well appointed

The XG30's exterior boasts a compellingly elegant presence. Classic in its heritage, the sleek styling speaks leather-bound volumes of the Hyundai design team's dedication to their craft.

The XG30 looks both solid and powerful, with simple, straight lines merging into tastefully sculpted edges, creating contours which minimise wind noise and drag for a relaxingly quiet ride.

A confident front view, with wide chromed radiator grille and large headlamps, delivers an assertive look. Those headlamp clusters house powerful projection lamps with clear bezels on

black background to direct light with enhanced focus and illumination, plus wrap around amber indicators. The one-piece bumper is designed for strength and safety, incorporating distinctive ovoid fog lamps and a front air intake dam that channels cooling air over the radiator, into the engine compartment.

From the side, high wheel arches combine with an intriguingly angled shoulder line and sculpted skirt to accentuate the XG30's clean, uncluttered grace, as do the 'frameless' doors and distinctive roof line. From the rear, the smooth boot line and bold, delta shaped rear lights emphasise the width of the car to reflect the spaciousness within.

Top, left to right: Projection headlamps provide powerful, focused illumination; Elegant alloy wheels; Imposing, chromed radiator grille - Right XG30

Refined comfort

The XG30 bristles with features, the splendidly appointed interior sumptuously blending the qualities of luxury, comfort and ergonomic efficiency. Controls are efficiently clustered for easy access and visibility, their distinctive, analogue style not only easy on the eye, but also easier to read.

Head and leg room abound and all seats are engineered to afford excellent lumbar and knee support. The eight-way adjustable power driver's seat with integrated memory can be programmed with two different seating positions.

Windows, door mirrors and sunroof are all electrically operated. The standard cruise control system can be set and adjusted with buttons on the leather covered steering wheel,

which is also height adjustable. High quality leather also covers the seats, door trim and console lid. Within the car a fully automatic climate control system manages air quality and temperature to ensure that driver and passengers travel comfortably and arrive fresh and relaxed.

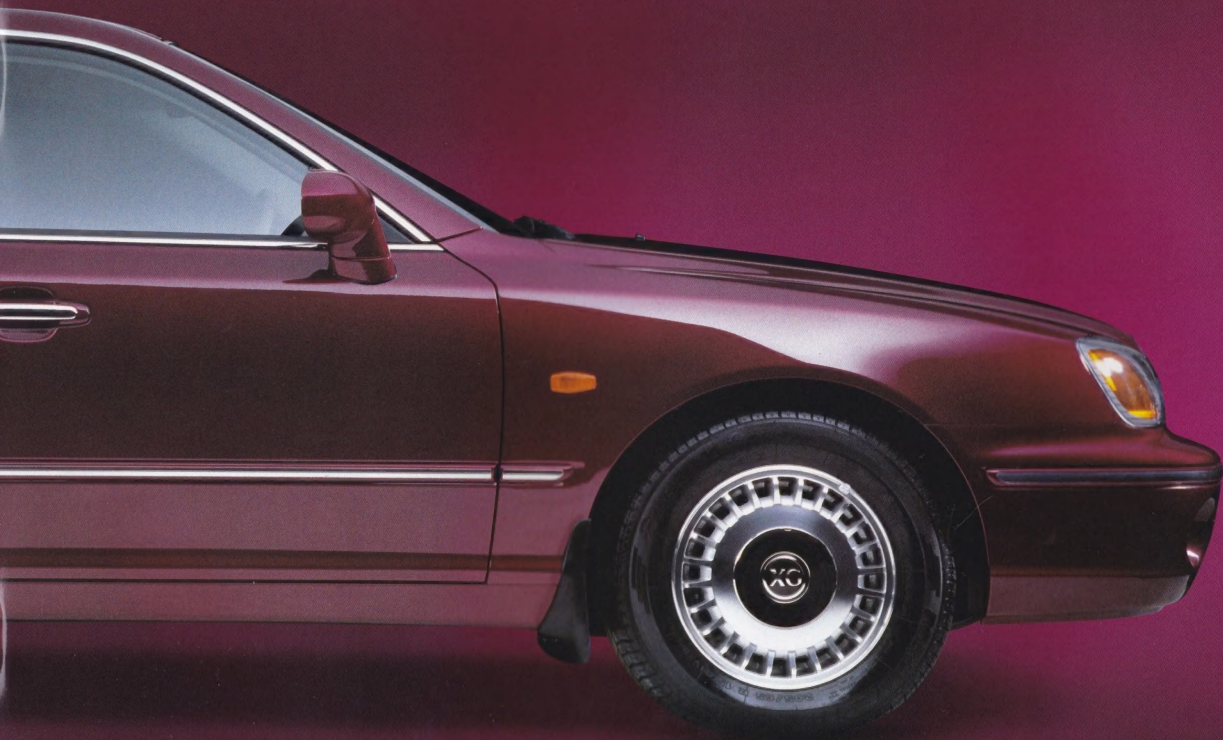

In-car entertainment is provided by a superb Sony stereo radio and mini-disc player supplemented by a 10-disc CD autochanger mounted in the boot. A diversity aerial delivers outstanding reception and six booster speakers produce quality sound.

To complete the picture, there is storage space aplenty on the doors, seat backs and even within the armrests, whilst Hyundai's thoughtfulness is well illustrated by the sun visor extension for extra protection on sunny days.

XG30

Driving power

The XG30 is designed for serious drivers – people who are not only concerned with style, safety and economy, but also about how their car performs.

For truly impressive performance and sensitive, precision handling, the XG30 is powerfully propelled by the all new 3.0 E engine. Featuring a 5-speed dual gate H-tronic transmission system which allows the driver manual-like control over the gearbox while enjoying the convenience of an automatic transmission, the XG30 rides responsively and comfortably on a high performance suspension system.

The response of the 3.0 litre engine is smooth and strong, with the V6 unit utilising a variable

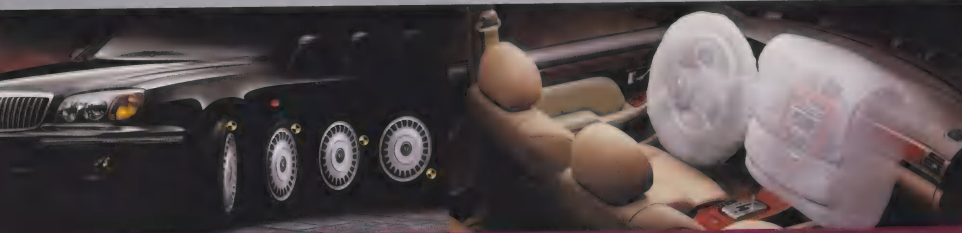

intake system for better torque and power output. Meticulous and meticulous component testing has reduced noise and vibration to an absolute minimum.

Everything that can be done to reduce weight and increase strength and efficiency has been, with ingenious measures such as mounting the air conditioner compressor directly on the block without a bracket to virtually eliminate all vibration.

Cutting edge, on board computer systems ensure that the engine achieves exceptional fuel efficiency and Hyundai's green commitment is exemplified in the XG30's emission system, which adopts flow controlled exhaust gas recirculation, economising on fuel consumption and minimising pollutants.

Devoted to safety

Every Hyundai car has safety at its core and the XG30 is no exception. Hyundai strives to maximise passenger protection by incorporating world renowned passive and active safety systems. From a computer designed body frame to depowered airbags designed for safer, softer impact, the XG30 has a host of features devoted to safety.

An ingenious Electronic Traction Control System (ETCS) is designed to control brakes and engine throttle valve simultaneously to help prevent skidding. The performance of the standard ABS brake system is boosted by Electronic Brake Force Distribution (EBD) which is designed to ensure even distribution of braking power. To help protect the driver in

frontal collisions, a highly rigid steering column with double locking and double folding capability is fitted. The body frame and steel cage are designed by CAD supercomputer to improve resistance in a crash situation.

Pretensioner and load limiter 3 point seat belts in the front tighten the belts in the event of frontal impact, then gradually release them so a safe resistance is maintained at all times, while all three rear seat passengers benefit from 3-point seat belts. Driver, front passenger and side airbags are standard, with a 'presence detector' preventing unnecessary inflation of the passenger airbag. Even the mirrors reflect Hyundai's obsession with safety, tilting downward when you reverse for a better view of any obstacles in the road behind.

Aftersales

Every Hyundai comes with a full aftersales service that includes a comprehensive vehicle warranty, Hyundai RAC Assistance* and vehicle security registration.

Extensive warranties

The XG30 is manufactured in one of the most advanced plants in the world, to high standards of dependability and durability, so we are happy to offer a three-year, unlimited mileage warranty as well as a six-year warranty covering perforation to the bodywork.*

Hyundai RAC Assistance

Something as minor as a puncture or a flat battery can turn into a major problem, but, under an exclusive three-year plan, as a Hyundai driver you can count on Hyundai RAC Assistance* to come to your rescue. The plan offers a 24-hour telephone helpline, roadside assistance and rescue and recovery – even at home.

Owner's insurance scheme

A preferential insurance scheme is available to all owners of new and used Hyundai cars. Among its special features are:

- Special low rates for owners of Hyundai cars
- A no-claims discount of up to 65 per cent
- New replacement car cover
- Free European cover for up to 50 days
- Flexible payment terms

Security services

To deter thieves, windscreen, rear screen and main door glass are marked with a unique identification number and each car's details are added to the International Security Register. This service provides a visible and proven deterrent to car theft.

Full details about the conditions governing all these schemes are available from Hyundai dealers.

* Vehicles used for hire and reward are covered by separate warranties and do not include Hyundai RAC Assistance. To retain full warranty cover and Hyundai RAC Assistance, regular servicing of the vehicle and retreatment of the bodywork are necessary. These are chargeable to the customer.

Colours

The elegant styling of the Hyundai XG30 is enhanced by striking colours and paint finishes. Metallic and mica finishes have an extra lustre achieved by including in the paint either aluminium flake particles, for a metallic effect, or aluminium flakes and mica particles, for a mica finish.

Accessories

Even when a car is as generously specified as a Hyundai XG30, it will not meet the differing needs of every driver.

So Hyundai has developed complementary accessories to cater for the particular requirements of Hyundai drivers, including such items as mat sets, alloy wheels and roof bars. For full details on the accessories available for the Hyundai XG30 please consult your Hyundai dealer.

Model	XG30 4-door
ENGINE	
Type	V6 DOHC
	24-valve
Displacement cc	2,972
Bore and stroke mm	91.1 x 76.0
Compression ratio	10.0:1
Max power kW/BHP	134/180 @ 5700rpm
Torque Nm/lbs ft	255/189 @ 4000rpm
0-62mph in seconds	9.3
Top speed mph	141
SUSPENSION	
Front	Double wishbone type with anti-roll bar
Rear	Multi-link type with anti-roll bar
STEERING	
	Power-assisted, rack & pinion steering providing variable assistance according to engine speed
	Energy absorbing, collapsible steering column with anti-theft device
BRAKES	
System	Dual-diagonal, split circuit, power-assisted braking system with pressure proportioning valve, anti-lock brakes and electronic brake force distribution
Front/Rear	15" ventilated discs/14" discs
TYRES	
Radial ply	205/65 VR15
WHEELS	
Alloy	6J x 15
